Quote of the Week

“We believe that the God who created the universe is capable of writing a book. And the God who is perfect is capable of writing a perfect book. The issue is not simply does the Bible have a mistake? but can God make a mistake? If the Bible contains factual errors, then God is not omniscient and is capable of making errors Himself. If the Bible contains misinformation, then God is not truthful but is instead a liar. If the Bible contains contradictions, then God is the author of confusion. In other words, if biblical inerrancy is not true, then God is not God.” ~ *Author Unknown*

Scripture of the Week

All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works. *II Timothy 3:16-17*
